

**PLASTICOS CALLES** is a company dedicated to the transformation of plastic materials.

Our policy is based on offering the market a **quality service and traceability of plastic**, which satisfies the needs of our clients. To achieve this, the Management of **PLASTICOS CALLES** knows that it is essential to have a highly qualified and professionally efficient **human team**.

**PLASTICOS CALLES** has defined and implemented the Integrated Quality Management System **UNE-EN ISO 9001:2015 and EN-15343:2007** based on the integration of the processes of its organization, the full satisfaction of the needs of its clients and the traceability of recycled plastic throughout the Plásticos Calles production chain.

That is why we determined the following priorities:

- Full satisfaction of customer needs.
- Compliance with the Client's requirements and current legislation on quality and other applicable legislation, making it known to all personnel serving the company.
- The training and competence of workers.
- The participation of all staff and collaborators in aspects related to Quality.
- Promote continuous improvement in all areas, including our collaborators.
- Provide the framework for establishing and reviewing objectives and goals.
- Ensure by communicating to all staff that the Policy is disseminated and understood.
- Ensure the traceability of recycled plastic at all times.

The Management of **PLASTICOS CALLES** assumes the **responsibility** of ensuring that the necessary resources are available to carry out the aforementioned activities and expects that all company personnel, regardless of their function and job, share this **commitment**, complying with the guidelines marked throughout the **Quality Management System**. The **continuous improvement** of this System will be carried out through the Management Review of the results obtained.
